

## CASE STUDY

# Maintaining a Competitive Edge

### ABOUT CINEPLEX

Cineplex Entertainment is one of Canada's leading entertainment companies that is recognized as one of the most modern and fully digitized motion picture theatre circuits in the world. This toptier Canadian brand, headquartered in Toronto, operates 162 theatres with 1,640 screens in all 10 provinces. Cineplex serves approximately 71 million guests annually across their various

Since its inception in 1999, Cineplex has provided extraordinary entertainment experiences for its guests, including movie theatres, food services, and gaming. For that reason, having a fully branded online experience for visitors is extremely important in order to maintain the longevity of their brand. Providing a fully functioning service is a key metric for success. Their desire to create a fully branded digital solution stemmed from the increase of digital and mobile device usage and their desire to capitalize on that growing trend.

The business objectives for Cineplex included the desire to: increase Gift Card sales and revenue, to stay current with market and consumer trends, to enhance their brand, to optimize customer experience, to reach key demographics, and to continue to be seen as the leader in the broader entertainment sector.

The opportunity to leverage eGift Cards to complement their current plastic Gift Cards appeared to be a natural fit to contribute to their objectives. Cineplex partnered with Buyatab to implement the online gift card component and from there, results exceeded expectations.

# SUCCESS STORY

Buyatab facilitates the creation and sale of eGift Cards on behalf of Cineplex via Buyatab's SoftwareasaService system and related services. The most visible aspect of the Buyatab

system is the digital purchase engines that are branded and embedded on the Cineplex websites enabling the purchase, and the sending of eGift Cards, from virtually any computer or mobile device. Recipients can store their eGift Card on their mobile device, including in mobile wallets like Apple Passbook, or print a

hardcopy of the bar code and number. Cineplex eGift Cards can be redeemed at their theatres with either a printout of the barcode, or via their mobile device. Buyatab also provides scripted and branded support for Cineplex and its customers. The support agents resolve any purchase challenges and assist with agents resolve any purchase challenges and assist with redemption questions to facilitate an optimal customer experience and to maximize sales.

## **Proactive Marketing**

Cineplex knew that early success for their eGift Card program meant promoting their availability and advantages. They frequently change banner ads and landing pages on their websites to draw attention to eGift Cards. In addition to changing their designs at least once a month, they also incorporate themes for holidays or special days, such as Christmas or St. Patrick's Day. Cineplex launched a promotion during the December holiday season aimed at increasing the dollar value and volume of eGift Card purchases, wherein if the consumer purchased a \$50 or larger denominated eGift Card they received a free \$10 eGift Card for themselves.

## **Capitalizing on Mobile Device Usage**

Mobile is a strategic element of the Cineplex marketing strategy and it's leveraged significantly in their eGift Card offering. A simple example is the placement of large QR codes on transit system posters promoting their eGift Cards, that when scanned with a mobile
